#### Inflatable Packers

- Applications include:
- Hydrological Testing
  - Injection/Withdrawal
  - Standard/Custom Sizes/Materials
  - Water/Mining/Environmental
  - Grouting/Sampling/Geotechnical
  - Hydrofracturing
  - Recirculation Wells
  - Steam Injection
  - Reiline Casing

Same Day  
Shipping

### GAEORAMA, Inc.

- Groundwater Development
- Fractured Reservoir Systems
- Groundwater Environmental
- Geologic Mapping
- GIS and Remote Sensing

## Job Opportunities

### STAFF GEOLOGIST/HYDROGEOLOGIST

Daniel B. Stephens & Associates, Inc. (DBS&A) is a progressive environmental science and engineering consulting firm, serving a broad spectrum of government and private sector clients, providing comprehensive services in the investigation and remediation of soil and groundwater, groundwater and surface water hydrology, and soil sciences.

DBS&A is seeking geologists/hydrogeologists in our Austin office. Candidates must have two to ten years of progressively responsible experience conducting LPST site assessments (including risk-based assessments), geological field work, overseeing drilling operations and well installations, performing environmental sampling, groundwater modeling and report preparation. Candidates must possess a BS degree in geology or hydrogeology (MS preferred). Senior level candidates must possess PG licensure in Texas or ability to obtain. The positions require excellent interpersonal and written communication skills. Strong quantitative ability and field experience are desirable.

DBS&A offers challenging work, opportunities for professional development, and a competitive compensation and benefits package. Position level and compensation commensurate with qualifications. For immediate consideration, please email (MS Word) resume, cover letter specifying Job #261, references, and salary history to [hr@dbstephens.com](mailto:hr@dbstephens.com) or mail to: Human Resources, DBS&A, 6020 Academy Rd. NE, Albuquerque, NM 87109. EEO/AA Employer, [www.dbstephens.com](http://www.dbstephens.com)

### ENVIRONMENTAL ENGINEERS

Daniel B. Stephens & Associates, Inc. (DBS&A) is a progressive environmental science and engineering consulting firm, serving a broad spectrum of government and private sector clients, providing comprehensive services in the investigation and remediation of soil and groundwater, groundwater and surface water hydrology, and soil sciences.

DBS&A is seeking Environmental Engineers in its Austin office. Candidates must have two to ten years of progressively responsible environmental remediation experience at LPST and hazardous waste sites. Experience requirements include remedial investigations, feasibility studies, remedial design/remedial actions, plans and specifications preparation, corrective action plans, construction oversight and/or operation of remediation systems. Senior level candidates must possess PE licensure in Texas or ability to obtain through reciprocity. Candidates with an EIT will also be considered. A BS degree in environmental, chemical or civil engineering is preferred (MS desirable).

DBS&A offers challenging work, opportunities for professional development, and a competitive compensation and benefits package. For immediate consideration, please email resume, cover letter specifying Job #263, and references in MS Word format to [hr@dbstephens.com](mailto:hr@dbstephens.com) or mail to: Human Resources, DBS&A, 6020 Academy Rd. NE, Albuquerque, NM 87109. EEO/AA Employer, [www.dbstephens.com](http://www.dbstephens.com)

### SENIOR HYDROGEOLOGIST

Environmental consulting firm is seeking a Senior Hydrogeologist to work on all aspects of ground water related projects. Experience in surface and ground water flow and fate and transport modeling is required. Candidates should have consulting experience and strong communication and writing skills. California registration is desirable. The successful candidate will work in a well established, dynamic firm on projects including water resources, contamination issues, and client contact.

Send your resume including a list of 3 references to: TEAM Engineering & Management, Inc., PO Box 1265, Bishop, CA 93515 or email to [mail@teambishop.com](mailto:mail@teambishop.com).
