Job Opportunities

GROUNDWATER HYDROLOGIST/MODELER

The Orange County Water District seeks a groundwater hydrologist with MS degree in hydrogeology or civil engineering with an emphasis in groundwater and numerical modeling. Duties include groundwater modeling, other groundwater-related projects, and some field work. Excellent communication skills is a must, and experience with scientific software, databases and GIS is a plus. For complete job description and application information, visit www.ocwd.com.

GEOSCIENCE MANAGER

Nye County, Nevada seeks Geoscience Manager to work under the Nuclear Waste Repository Project Office On-Site Geotechnical Representative for hydrogeology-based field and office tasks and project management. Candidate must have at minimum 4-yr degree in engineering, earth science, or related field plus at least 5 years of professional hydrogeologic experience. For complete job description and application information, visit www.swhydro.arizona.edu/jobs.html or call Nye County Personnel Office at 775-482-7240.

GÆAORAMA, INC.

- Groundwater Development
- Fractured Reservoir Systems
- Groundwater Environmental
- Geologic Mapping
- GIS and Remote Sensing
